An Inside Look

Founded in 1987, Air Master has steadily grown into a trusted name in the HVAC industry, known for delivering world-class air distribution and control solutions. What started as a modest manufacturing initiative has today evolved into a globally recognized brand with a strong presence across India and the Middle East.

As an ISO 9001 certified company, quality has always been at the core of everything we do. Every product undergoes stringent testing and strict quality checks to ensure superior performance, reliability, and safety. Our fire rated products, in particular, stand as a testimony to our commitment to life safety, tested to withstand extreme conditions while maintaining functionality.
